COMPLETION OF ENTIRE IOF EDUCATION PROGRAM

Training & Certification in Interventional Regenerative Orthopedics

Target Audience

Training & Certification in Interventional Regenerative Orthopedics has been designed to meet the educational needs of medical professionals interested in furthering their knowledge and practice in Interventional Regenerative Orthopedics.

Educational Goal

The goal of *Training & Certification in Interventional Regenerative Orthopedics* is to provide physicians with basic to advanced knowledge in all Interventional Regenerative Orthobiologics, learning in a stepwise fashion to improve skills and offer greater patient care and outcomes. The program is designed to augment, not replace any existing recognized board examination and to provide medical professionals with the knowledge that serves as the basis of the skills that they will need to provide superior and cutting-edge patient care in percutaneous orthopedics.

Learning Objectives

Each component program offered under the *Training & Certification in Interventional Regenerative Orthopedics* has specific Learning Objectives. Please see the CME Information Page for each component program for Learning Objectives pertaining to that component.

Eligibility Requirements

MD or DO with a musculoskeletal specialty:

- Physical Medicine and Rehabilitation
- Family Practice with the completion of a Sports Fellowship
- Interventional Spine (Anesthesiology or PMR),
- Orthopedic Surgery
- Interventional Radiology accepted only with significant hands on examination experience.

Basic	<ul style="list-style-type: none">• General Pre-Requisite (as above)
Advanced	<ul style="list-style-type: none">• Certification of IOF Basic course• Attestation of minimal clinical experience with 30 injections under guidance or prior course work and clinical experience that would be equivalent.
Advanced Spine	<ul style="list-style-type: none">• Interventional spine experience in fluoro and/or ultrasound guided epidurals, facet injections• Attestation of accessing the transforaminal epidural space• Must have performed 50 cases each in the lumbar spine

Physician attendees will be selected for enrollment based on the following criteria: Core Skills Pre-Requisite Worksheet, pre-requisite video, testing, coursework and certification.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions* and Interventional Orthopedics Foundation. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this activity for a maximum of **5 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Fees

There are registration fees associated with this program as outlined by the Interventional Orthopedics Foundation.

Participation Requirements

Participants are required to:

1. Complete and comply with the application process.
2. Complete each Basic Course with a passing score of 70% or higher on examination
3. Complete each Advanced Course with a passing score of 70% or higher on examination

Faculty/Planner Disclosures

CMEsolutions requires everyone in a position to control the content of this activity to disclose any relevant financial conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by *CMEsolutions* for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations.

Planner Disclosures

No member of *CMEsolutions* or Interventional Orthopedics Foundation has any relevant financial relationships to disclose in regards to this activity.

Off-label Use

[Training & Certification in Interventional Regenerative Orthopedics](#) may contain discussion of unlabeled and/or investigational uses of agents not approved by the FDA. Please consult the prescribing information for each product.
